

TEACHER RETENTION IS ALSO A HOUSING ISSUE

Recruitment is only the beginning.

WHY IT MATTERS

Housing is one of the largest household expenses.

Early-career educators may face credential costs and summer cash-flow gaps.

A school can hire a teacher—and still lose them when living locally is unaffordable.

WHAT SUPPORT COULD INCLUDE

Time-limited housing assistance

Community partnerships

Clear eligibility and accountability

THE PRINCIPLE

Housing support should complement—not replace—competitive teacher pay.

..... What would make educator housing effective in your community?
